

Reminder

Only a grown-up should use the scissors.

What You'll Need

- 8 1/2" x 11" copy paper
- Scissors
- String
- Tape

Tips

- Once you have your flowers folded, color on them to personalize them.

How To Make it

1. Fold the paper diagonally with the white side up. Flatten the paper again.
2. Fold the corners to the center of the paper. This will create a smaller square. Once done, fold the corners of the new, smaller square to the center as well.
3. Flip paper over to the side with no seams. Fold corners to center again. Fold 2/3 of each flap back the other way so that each overlaps the edge.
4. Flip back to the first side. Fold all four flaps out and then repeat. Repeat steps 1 through 4 with the other colors.
5. Tape your flowers in a desired pattern around the string. Tie ends of string together. You're done!
